## Innovation in anti-aging face care

Precious plant extracts and  
extraordinary collagen combine  
in a new cosmetic line

# It's your all-inclusive anti-aging skincare ritual

## 4 steps to a glowing complexion

Treat yourself and your skin to these benefits!  
Your daily routine includes a harmoniously matched cosmetic line that will illuminate you.

### STEP 1 MILD WASH

Cleansing is the base to help all skincare products develop their full potential.

### STEP 2 MILD SKIN LOTION

The perfect cleansing is finished by clarifying.

### STEP 3 ESSENCE

The beauty serum is a highly concentrated, quickly absorbing skincare base.

### STEP 4 CREME

The rich cream cares for your skin in an intensive way for a long period of time.

# Gentle cleansing

Natural and refreshing

The well-balanced **Mild Wash** cleansing cream exclusively contains kind-to-skin and natural plant extracts. With its delicate, fresh scent it is ideal for women and men as well.

The rich **Mild Skin Lotion** pampers your skin with an extra portion of moisture. It contains soothing and refreshing plant extracts for smooth and supple skin. The soft scent intensifies the unique fresh feeling developing directly with application.

# Intensive Skincare

Luxuriant and long-lasting

The **Essence** is your invigorating freshness boost. The neutrally scented, cooling gel contains a pool of high concentrated active agents imparting to your skin new vitality and firmness and immediately reviving your glow.

The **Creme** turns your skin to a wonderfully soft and supple texture – keeping that state for many hours. Valuable plant oils supply your skin all day long with natural skincare substances and build a protective film to preserve skin's own moisture for a long period of time.

The **All in One Gel** has all you need for your radiant look in a single product: Innovative collagen and hyaluronan provide intensive hydration while plant oils nourish and strengthen, soften and supple your skin, and algae extracts boost cell regeneration.

## Anti-aging skincare line for women and men

High-performing collagen suitable also for sensitive skin

Thanks to the effectiveness of silk cocoons for anti-wrinkle treatment, frais vent is an extraordinary face treatment for dry and sensitive skin. The powerful plant ingredients are integrated into a harmonious skincare ritual based on Japanese tradition.

## Collagen in its purest form

Silk cocoons effective for wrinkles

Our Neosilk collagen is extracted from silk cocoons by a worldwide state-of-the-art procedure. This silk collagen is almost identical with human collagen. Therefore, it is perfectly absorbed and significantly fights against collagen loss – the main cause for skin aging, wrinkles and dry skin.

Does not contain ingredients harmful to skin.

Low risk of allergens due to the use of collagen from silk cocoons

High effectiveness for amazing anti-wrinkle benefits

Developed for dry & sensitive skin

Extremely economical in use & shelf-stable

Ideal for women and men
